ABIOSIS

WRITTEN BY

Faker Baballah

Fear is a natural state that an individual feels when he faces a danger or sees an object outside the ordinary and is the source of human morality, the morality of hypocrisy, hatred, hatred, treachery and gloating. Revenge is a nervous reaction resulting from some previous thing that calls for revenge and retaliation, but for the flying spirit that has been dormant for years, revenge is not provided that it is for revenge or for a specific person, but in order to resurrect the first concept, which is fear. Which flying Spirit is we talking about?

It was an excellent night by all standards except for one thing that spoiled everything, as her twenty-fourth birthday party was in a luxurious and upscale restaurant. Yes, it was only for girls, although her lover insisted on going with her, but she apologized to him.

Ayaruz came home a little early because she felt exhausted, but before returning she

decided to go to the House of her beloved Dawzi, to spend some time with him, and when she opened the door and went to his room, the shock was when she found him over the bed in a hot relationship with another girl. Her eyes almost couldn't believe what was happening and soon she got out angry and he kept calling out to her, but she left by car.

Ayaruz's tears start to come down the moment her phone rings and of course Dawzi is the caller trying to talk to her but it doesn't work.

The girl climbed over the top of the mountain and looked up at the sky and said: "I don't deserve to live in a life that shows me cruelty after cruelty. I don't deserve to live a life of slapping me in the front and kicking me in the back, am I not an ambitious young girl who would like to be an actor?" Even who I considered my only hope betrayed me."So she looked up at the

sky and without hesitation jumped off the top of the mountain and fell straight into the sea.

And suddenly Ayaruz woke up and found herself on the beach and said: "Am I Dead?" A voice answers and says to her: "no, Ayaruz. The girl got very scared and said, «Who are you?" Where are you talking to me from Are you a fairy?" She replied, "I am inside you, Min-Yung; I am the spirit of revenge present in your body.

And Ayaruz said, «but how do you know my Korean name?" And what kind of platoon are you from? She replied: "Of course I know everything about you, Min-Young, your mother is Korean named Jin-Kyung, and your father is a famous businessman from the United States named Steve, you are a native of the United States that's why you have two names. As for me, I was just like you, a human being, especially in the eighth century, where I was a young

woman full of Hope, living with my family in a tribe called the juxo, and one night we were attacked by a group of wild men called the Atrox, they killed all my family and tried to kill me too, but I escaped and found a witch who hid me then for years.

She was a very evil witch where she is nicknamed The Dark Witch, she hurts humans but she is kind to me. After my family died, I considered it my new family. She treated me well; she studied me and taught me lifestyles. And one day she was very sick, she felt that she was going to die and the Atrox men surrounded the place, and she said words that I didn't understand and brought a smelly powder and blew it on me and asked me to hide. After that I felt an extraordinary energy in my body. These men broke into the house, and the witch tried to resist them, but they killed her because she was in a weak state. I felt scared but at the same moment I had a desire for revenge.

I went out in front of them, but they didn't see me, as if I had become a ghost, so I used this energy and killed them. I have been like a ghost since that time, I searched the house for anything that explains my situation and found that the world I belong to is called imagophobia, that is, no one sees me unless this person revolves in the same world. This is a long story to explain to you. I have a high vengeful spirit, and when I saw you fall, I rushed to save you and entered into your body, and now we have merged together and become one body. Are you ready for revenge? I know everything, together we will eliminate the weak and punish every unjust."

Ayaruz was surprised by the words she heard, but she was still hesitant and confused about it, and she thought herself that she was in a dream or she was really dead, so the vengeful spirit would say to her:" No, you are not in a dream and you're alive. Don't worry; together we are stronger,

try hitting this huge stone."Ayaruz was scared, but the spirit was able to help her and she hit that Stone and it broke. And the spirit said: "you see how strong we are together; we have the ability to change our appearance too. And Ayaruz said, " but why didn't you take revenge yourself, since you have all this power?" She replied:" It's not in my hands; it's in the hands of my goal. My goal is to take revenge and spread fear. I do not mean that they are afraid not only of me, but of themselves, to feel the danger of their truth. I think my goal is to get together with you and now we have one goal and that is revenge." Ayaruz said:"How amazing is this, and then let's get revenge on everyone who was a nuisance to me. But before we start, what's your name? And she replied: "Call Me Abiosis."

Ayaruz arrived in the city center where it was crowded with people, although it was late, so she decided to head to the amusement park to have fun before

returning home. She arrived in the middle of the crowd and felt a very strange feeling, as if human souls were calling to her, and Abiosis said: "Do you see this feeling?" It's a feeling of revenge, many people here deserve punishment in order to admit their mistakes and if they don't admit it, they deserve punishment and then death. Ayaruz felt very excited and her eye color changed to red and her whole shape changed, she said: "I smell weakness on someone." "I caught a glimpse of a lonely young man from afar waiting for his turn to play, but people were easily missing his place. So I went straight to him and stood next to him, and the young man was surprised by Ayaruz's glances at him and soon felt ashamed, but she grabbed him by the hands and pulled him to her and said: "it looks like you're not going to play tonight, I'm also bored here, How about we go away and have fun somewhere else?" "The young man continued to stare at her with shy glances, amazed at her beauty, he

immediately agreed and soon found himself entering a house out of sight, repeating to himself: "what a terrifying place this is. So Ayaruz asked him to sit down, and she sat down in front of him too and said to him: "so why were you alone all the time?" He replied: "Actually I've been like this since I was little, I'm usually lonely, I have no friends. Ayaruz asked him: "why?" You didn't give me the reason. He replied: "Probably because my personality is weak, I feel very vulnerable whenever I want to get into a relationship, either a friendship or a romance with a girl. Ayaruz asked him again: "so how did you accept to be with me tonight in a house alone?" He replied to her: "I don't know, maybe I'm relieved for you, for the first time someone comes to me and calls me, I feel comfortable with you. She said: "I also felt lonely for a long time, but at least now the three of us are together. And he said, «three?" She replied: "Don't bother, tell

me what to bring you?" He replied: "Anything you want. I'll take it."

So Ayaruz went to the kitchen and addressed Abiosis: "so what to do now?" Doesn't he look innocent to you?' It seems that my heart also rested for him. Maybe I'm the reason he gets out of a bad situation. To which she replied: "What innocence are you talking about?" This is a weak person, his existence is absurd in this world, tell me what could be the future a doctor, for example or a professor. This species should go extinct and build a new breed with a character as strong as a stone. The innocent who has been successful but practices his life activities fairly and legally, the one who remains alone, isolated and do nothing, and although he has never harmed anyone, are never innocent because he simply was not an actor in life, he did not give any addition." Ayaroz was convinced by her words, as she sees it very logically, and Abiosis said to her: "well, this is the first Prey

we will enjoy, first get a glass and pour some amount of water into it, and then put a drop of your blood in that glass and it will turn into any drink you want. Once a person drinks it, he will feel dizzy until he faints and will not wake up unless we ask him to. And since this weakling didn't specify any drink, choose whatever comes to mind. Did you even see the choice didn't work out for him? I'm really excited to see it go extinct."And Ayaruz did exactly as Abiosis asked her and she chose lemonade. At the time that young man was terrified by the sounds he hears around him. It is as if light whispers enter from the ear to visit the heart. Ayaruz came and gave him the drink. He liked it and drank it all. Then he said, "I'm sorry, but I have to go home. And Ayaruz said to him: "what?" It's still early, the party and the fun haven't started yet."The young man was determined to return, but he could not stand it and fell asleep. The drink seems to have taken effect and ran all over his

body, Abiosis said: "tie him up well and then we will finish him and the most important thing is to torture him." Ayaruz tied him with strong chains from everywhere so that he could not escape. So the young man woke up after Abiosis asked him to do so, and the horror spread through the whole vessel of the soul and he started screaming and said: "Why am I tied up?" Are you kidding Is this a game she replied: " Yes, this is a very fun game; it's called the Atrositas game. Are you ready Even if you're not, so am I. Let's get started. And he said, «Have you lost your mind or what?" I don't want to play; I just want to go home right away. Ayaruz also shouted at him, as if it was Abiosis who spoke: " stop acting like little boys and don't make me even angrier and let's play." So Ayaruz brought a screwdriver and heated it on the fire and slowly inserted it into the young man's ear and she was laughing a loud evil laugh where she looked amused and amused, while the young man was

screaming in great pain. The young man's ear was bleeding heavily, and the young man said, «Why?" I considered you the first girlfriend in my life. She laughed and said:" I'm not ready to build a friendship with a weak person, even with him, look at you, you can't resist it. Life has given you the opportunity to impose your existence, but every time you refuse like an idiot. Say, what's the difference between you and that cat who licks his face every morning among the living Now he came for you on my hands, I just want to have fun, look at me how excited I am to kill you, but my eyes still want to see you suffer more and my ears are eager to hear your scream, it's a classic rap and playing for them."She brought the hot oil and said:" this will be the last time you will hear, I will tell you something: Abiosis sends you peace."After she said this sentence, she poured that oil into his left ear so that he lost his hearing completely.

Ayaruz was clearly delighted and laughed out loud, but the excitement increased and she brought an axe and stretched out his left leg and hit his knee mercilessly and left him screaming and in pain for a long time to then gets the screwdriver again and sticks it in his neck and eliminates him. This would be the first prey of Ayaruz and Abiosis.

And the next morning, the news spread that a body was found lying on the edge of the river, as the police described this crime as very ugly, adding that they found a paper with the inscription "I see you but you will never see me, Abiosis sends you peace".

Ayaruz was watching all this news as if nothing had happened; on the contrary, she seemed to be having fun. So at night she went to one of the cafes, capturing all eyes with her beauty, and everyone present looked at her and sat in a remote place waiting for new Prey, and someone came who seemed to be a big pervert, talking in a

romantic way, trying to seduce all kinds of girls. And he said to her: "Hello, sweetie how is this beauty?" She replied: "Hello, beauty is not afraid for itself; it is built on strong foundations." And he said again: " yes, your entrance caught me and caught all the guys here, I'll be lucky if you go out on a date with me. She replied: "a date?" It seems strange, at first sight, would you like to go out with me And what about the second look announcing your engagement to me in the newspapers And he said, "it's okay, just a start, a look, a smile, we get acquainted and that's how we connect," and Ayaruz said, «and after the connection, what's there?" So he was silent for a moment, and this silence was what Ayaruz was looking for, and then Abiosis said: 'is he worth the punishment?' Ayaruz replied: "Yes, of course. And she said, «Well done, you're starting to learn, let's go then. And Ayaruz said to him: look, these cafe sessions really bother me, how about we go

to an apartment, there we will talk more and have fun alone.

The pervert said to her: "You seem to like me, don't you?" I know girls ' habits very well.

So they went to the apartment, which was an old building, and the man was surprised and said: "doesn't anyone live here?" To which she replied:" the place is deserted, and no one will bother us in this case.

He smiled and said: "yes, it really looks better, we'll have fun.

So they entered the apartment and Ayaruz closed the door and the pervert approached her and tried to kiss her, but Ayaruz pushed him away and said: "Wait a bit and don't get excited, first we'll play a game and then we'll do whatever you want, OK?" And he said, «Okay, honey, OK, but what's the game?" She replied: "It's called the atositas game, do you want me to get you something to drink?"

He said to her: "I don't really know this game, but let's try it. As for the drink, it's okay. Get me a glass of water. I wouldn't mind that."

So Ayaruz went to the kitchen, put a drop of her own blood and asked for a glass of water, to then bring it to the pervert and drink it all, and he completely fainted. It was only moments until he woke up and found himself chained up, and he marvelled and said: "sorry, I seem to be exhausted, I fell asleep, is this game you told me?" Wow, it looks interesting, so what are you going to do now that I'm in this situation Are you going to kiss me until I completely pass out Or are you going to dance in front of me to test my endurance," she replied:" We'll have fun, dear. The pervert suddenly felt so thirsty that he almost lost his mind and said to her: "what is this thirst that suddenly came to my stoma, did you add a quantity of salt in that glass or what?" She replied: "I'll give you a drink after you answer my

question, if you answer correctly you will get what you want, If you answer incorrectly, you will bear the consequences."And the pervert began to hear strange sounds in his ear, and he began to feel scared and said:" I'm talking hard, I feel a strange thirst, and I'm talking hard."

Ayaruz said: "My question is waiting for you, if you try to evade the game; I leave you here until you die of thirst. And the pervert said to her: "Okay, okay, come on, what's your question?""

Ayaruz asked him: "how many litters of water have you drunk in your life?"

The pervert was surprised by the question and said angrily: "are you kidding?" I don't know, of course, a large amount. Come on, Get this over with, or I'm going to kill you, bitch.

And Ayaruz said: "Did you just call me a bitch?" Look, you have one last chance,

answer; otherwise you will really regret it."The pervert remained adamant that he did not answer, but the poor man does not know Abiosis. So Ayaruz got a knife and stabbed him in the thigh to draw out huge amounts of blood and filled a glass and said to him: "go ahead and drink, you said you were thirsty so I think it will do."But the pervert did not stop screaming and refused to drink from the blood, but she put hot pepper on the deep wound she caused, he screamed loudly again and she took advantage of this and poured the blood into his mouth to drink it all and choke to make her evil laugh again. And then she looked at her hand and noticed that the ring didn't exist, and Ayaruz said:" I think my ring fell into the glass that you drank, it's okay anyway I was going to open your belly to take out all the perverted speech that you called the girls, you degenerate."Ayaruz began to slit his belly as if it seemed normal, but the pervert never stopped screaming.

She said to him: "how many girls have I said to her Oh my heart, you don't even know how your heart is shaped, do you want to see it in front of you I can pass it now. You see, whoever sees girls only for sex and fun, we girls are stronger than that." And finally Ayaruz found her ring in the middle of his bowels. As the pervert breathes for the last time, Ayaruz tells him: "Abiosis sends you peace."

Two days later the police found the body and a sheet with the inscription: "it seems that he felt thirsty until he decided to drink from his blood and choked, I know you will say and what about his open belly, only Abiosis wanted to have fun."

Abiosis remained a mystery in the city, as this was the second heinous crime caused by it, but the crimes did not stand up to that, not only did Ayaruz go to one of the nightclubs to hunt the next prey, as soon as she arrived she caught a glimpse of a boy

whose actions seemed strange, Ayaruz quickly approached him and tried to talk to him, but he did not care, he was just staring at a group of men as if he admired them. Then Ayaruz understood that this person is one of the owners of the unwanted world from any party, even if there are those who support them only for the sake of media hype, claiming that they are open-minded and creators of the new culture that does not exist. And she said to him: "man, why don't your eyes meet mine, is I that ugly?" He replied, «This man has a name, my name is Schander. And Ayaruz said, «so you're German, right?" he replied: "Yes, I am a son of Potsdam, and you are Korean?" And she said, «Yeah, half Korean, tell me, Why Are you staring at those guys?" Did they bother you and you want to hit someone And Schander said to her: "it's not like that; I don't want to explain to you, are you spying on me?" And Ayaruz smiled and said, «so you're gay, right?" And he replied angrily:

"yes, gay, are you comfortable now?" And Ayaruz said, «and why are you ashamed of this?" I also belong to the same world, and my brother is the same too. Schander's anger turned to happiness and he said, «really?" That's good. Ayaruz interrupted him: "yeah, good, look without saying too much. I was actually looking for someone to match my brother; I think I've found him now, then... said: "yes yes I accept, I too would like to get into a relationship as soon as possible. And Ayaruz said: "You seem to be very excited, look today is his birthday so I would like my gift to him, currently he is in a place I know, he is waiting for me there to celebrate together. And Schander said, «Let's go then."This was easier than I thought," Abiosis said, adding that he was a vile homosexual, but also a moron and an idiot."

Ayaruz and Schander arrived at a relatively deserted place, and Schander asked, «Do you live here?" Ayaruz replied: "No of course, we just come here when we are bored and do

what we want, because our parents don't want this. So they came into the place and she said, «Please sit down, I'm going to call my brother and come to you, do you want a drink?" He said to her: "well, a glass of cold juice is fine. So Ayaruz went to the kitchen to make him a drink and immediately returned, and he said to her: "Where is your brother?" She replied: "I called him and he told me that he was out for a little run, he's coming right now, have a drink." Schander drank from the juice, and it was only for a few moments until he completely fainted. He woke up after a while to find himself chained up like other exes. And he started screaming and horror spread in that body and he said, «What is this?" Ayaruz interrupted him: "Shut up, you rotten outcast, people like you don't deserve to be in this world. And Schander said, «didn't you say you're from the colored world too?" Ayaruz spat in his face and said, «what?" I belong to humans, not degenerates. He said, «You don't know

anything about freedom. What's wrong with being gay, has it bothered you, for example Ayaruz approached him and replied: "freedom?" Fuck your concept of freedom. Freedom is the freedom of the mind. Einstein was free to build concepts and theories and not to do obscenities. Aren't you ashamed of yourself in this situation Or do not forget that you were originally ashamed when I asked you, you also know that the animal is more honourable than you because it does not know these trivial things, male or female and female for male, you are really beyond the scope of humanity and unworthy of it and now I will show you the game of atositas in the most horrible way you may see in your life."Then she brought a button and she pressed it and Schandar felt a very big shock all over his body because she put wires and connected them to the controller she was carrying. Every press of the button he feels an electric shock that makes him hate himself. She kept shocking him for a

whole hour until the smoke almost came out of his mouth, and then she brought ice cubes into his mouth to feel his mind completely frozen, and his teeth almost burst. She grabs his teeth one by one and cuts them with her veins, as if it were a date to harvest the grits from one of the estates. And she passed into his hair where she was grabbing him and pulling him hard to pull him out. She said to him: "I would like to have more fun with you, but you are disgusting and you don't deserve to be more in this world. You're feeling cold, aren't you?" But Schander ignored her and kept crying and screaming. Ayaruz got angry, grabbed his lips and said: "when I ask you, you have to answer me and don't ignore me like that." she got a pair of sharp scissors and started cutting his lips like she was playing with cardboard. She said, "Just wait a minute." So she brought a tube that would release gas and inserted it into his mouth to pass from his throat through to his entire body to light a small stick with fire

and say:" Abiosis sends you peace."So she inserted a tube with a small hole in it so that the burning stick could pass through and his whole body would be affected.

The next day, the police found the body burned and, as usual, they found a piece of paper on which it was written:" this burning young man does not deserve to be sad for him, you should thank me for deleting a faction that does not deserve to exist in the first place, and from today on, if one of you has the audacity to say that he is gay, Abiosis is waiting for him. Long live freedom and Long Live revenge."

Ayaruz's strength increased with Abiosis and together they became criminals in one body, avenging who was harming life and not helping anyone, only making matters worse and having a negative impact on everyone " life, Ayaruz, is not what you think, there is a kind of people who make you doubt yourself, they make you go crazy

from the many questions that will attack your poor mind, we just need to filter this universe from this quality, aren't we doing a good job?" Ayaruz replied: "Yes, we are doing a good role and restructuring the reality. And she said, " You know, I'd like to try two victims tonight, what do you think?" Ayaruz replied: "Come on then, I'm ready for anything. While Min-Yung was walking down that road, she passed in front of a group of students, and she heard one of them say," in two years I will run for president of the United States and I will be the smartest president in the history of mankind and bring all the countries of the world under my authority. His colleague replied to him: "stop talking nonsense, Michael, is it because you brought strong ratings last period that means you are the smartest, humility, Fool, humility is one of the qualities of smart people, but your arrogance, I leave it below, will not concern you. Ayaruz intervened in the conversation

and said: "a new president of the United States?" That sounds excellent, how old are you? Michael replied: "and who are you, Japanese or Chinese, in order for you to talk to Michael, don't you know that the girls have to take an appointment a week in advance to be able to get a quarter of an hour to talk to me. Ayaruz laughed out loud and said, «I'm Korean, genius, if you were, you would know. Since you are smart Mr future president, I have a challenge for you if you win you will get any amount you want. And the boy said, «What if I lose?" She replied: "You will give me what I want. He said: "OK, I already know myself; of course I will win because I am the best in this universe."

So she gave him the address of the house with the keys to go at night and wait for her there, while Ayaruz headed to one of the neighbourhoods famous for its congestion at night, and this time she wanted to hunt prey of another kind, either a drunken drifter or one of the dishonourable girls.

Ayaruz walked through those neighbourhoods like a medieval princess wearing a red dress, the color of the blood that would flow from one of the victims, so she walked into a nightclub and sat down. So a girl came and didn't hesitate to talk to Ayaruz and said, «Ciao, Korean, You seem to be new here?" Tell me, are you worried that's why you came here to have fun I hope you will be able to find the right man for you amica because I am Rosa, The ingenious Italian huntress who chooses the richest and the most beautiful at the same time. And Ayaruz smiled and said, «so you're a money whore?" She replied:" It sounds harsh but si si I am running after money. And Ayaruz said, «Well then, look, I don't want to make the conversation long, but I have a good offer for you. And the girl said, «here you go, Korean, and what's your offer?" Ayaruz said: "I got worried so I decided to call ta boy and a girl, watch them play a game and the winner takes a big reward. I chose the boy

and the girl will be you, I think you are suitable for this, what do you think?" And the girl said, «Mamma mia, as long as it's about money, of course i accept, and even if the boy beats me, I'll know how to take his money, I'm good at seduction. Dai ragazza »

Ayaruz took her home and there she met Michael and he was also excited to win, Ayaruz said to them: "well, the law of the game is to get into this cage and tie your legs tightly and with chains. The boy said: "I don't mind, I'm waiting for the start of this game."The girl also agreed to this condition and Ayaruz tied them tightly as usual, like the others, only this time without a drink. Ayaruz brought all her equipment, knives, a saw, a pistol and other sharp instruments threw them to them and closed the hatch. Then Michael and Rosa were surprised, and the latter said: "What is all this?" Ayaruz replied: "This is equipment for the game, what? Did you think hide-and-seek, for example?" And the kid said, «but not to this

degree, what exactly are we going to do?" Ayaruz said: "a simple and short game called the game of atositas, I will give a question, who answers the first one, the loser will have to receive a punishment, I will definitely decide, and whoever wanted the answer must give a correct answer, otherwise he will receive punishment, understand?" And Rosa said, screaming: "any concept, I'm going to withdraw and I don't want any prize money. » Come on, untie me. I'd like to go home. Ayaruz got angry and replied to her: "and do you have a house, bitch? You play the game or I kill you two, come on I'd like to have fun." Michael and Rosa had no choice but to succumb to Ayaruz's words and the latter said: "the first question: What do we mean by imagophobia?" Michael and Rosa were still shocked by the question and couldn't figure out what the Korean was talking about, so she started counting down until the time ran out and said to them: "you couldn't answer, that means I'm going to give you a

challenge, whoever wins it will pass to the next question, And whoever loses will be doomed to death by the loser."They were very scared and Ayaruz gave a knife to each of them and said:" Well the challenge is that you will face and whoever can take out the other's eye is the winner."Their fear increased, especially Rosa, who was shaking with panic, but she grabbed the knife and tried to cheat Michael, but he managed to get away from her. They kept fighting while Ayaruz was laughing about their situation. But Michael outmanoeuvred Rosa and managed to take out her eye after suffering many wounds to his hands and leg. Ayaruz applauded him and went into the cage and approached him to take the knife and Michael tried to seduce her, but the poor man does not know the strength of Ayaruz and Abiosis. Min-Yung laughed and said, " You won't even be able to touch me, weakling."She kicked him and knocked him to the ground, while Rosa was screaming in

pain, Ayaruz approached her and said:" This is the end of every prostitute who runs after money, arouses men's lust and sells your bodies for paper."So Ayaruz brought banknotes and threw them at her, but Rosa was just screaming and crying from the intensity of pain, so Ayaruz returned to Michael and gave him a knife and asked him to stab the Italian girl in the sensitive area, the boy refused from the first but he was forced to do this so he did what she asked him and stabbed her in her pussy to add another stab in her stomach and kill her. Ayaruz said, «I didn't ask you to kill her yet, I just told you to stab her in her fucking pussy to torture her. And Michael said, «What kind of human are you?" Don't you have a heart to feel What's her fault if she's a whore Did it bother you"Ayaruz laughed and didn't care about his words, so she sat down in front of him and said:" You are smart, but your ego and bragging about yourself being smarter than anyone that I

don't like. I'll ask you a question if you answer it right; I promise I'll let you go.

Tell me do you live in order to eat or eat in order to live? He replied to her: "I am actually one of the people who pursue her goal in the oceans, if I am in circles trying to imitate everyone around me, I will be wrong, but if I am in circles to imitate myself, then here I will be successful enough. I am one of the soldiers who show their energy in front of other people to feel scared, and that's how my name becomes etched in all minds, and whenever you remember me, you say that, so it's scary to stay away from him. The bottom line is that I live in order to teach eating, neither the first option nor the second. Ayaruz liked the way he spoke and said, "a logical answer. »

And Michael said, «Then come on, let me go. She said:" I told you a logical answer, not a correct one. Look, I'll give you one last chance and answer this question. Where is

Bahauddin? He was surprised and said, «who is Bahauddin?" Ayaruz got angry and yelled at him and said," I want an answer, not a question."The boy got frustrated and said:"I don't know, maybe at his house". Then Ayaruz stood up and pointed her hand at Rosa's eye, which he had removed, and said:" it's time for dinner, come on, Eat It. And he said, " there's no way I'm eating an eye, are you kidding me? So Ayaruz approached him more and took the knife and said, «Either you eat that eye or I'm going to take your eyes off and eat them in anger about you? Come on, choose."And Michael started crying, feeling weak and helpless, regretting coming from the first, so he took the eye in his hand and was about to eat it, but he couldn't, so Ayaruz brought a hacksaw and she cut off his right leg, to scream loudly, so she approached him and he started begging her to leave him, but she cut off his left hand as well, And he began to bleed more and more until he almost

drowned in his blood, but Ayaruz not only did not stop with this, but she took out his eyes and put them in his mouth asking him to swallow them at the time he was dying because of the amount of blood he had lost, so Ayaruz brought the saw again and said to him for the last time : " Abiosis sends you peace." And she cut him in half, only to then walk out of the house and leave them both dead.

As usual, the police found the two bodies with a message hanging on Rosa's forehead that read: "listen, smart people, I salute you and encourage you to always be better, but don't let that mind control you and become arrogant like that boy. As for this girl, she lost her life as an enemy after money; this is the fate of everyone who sells everything for money. And do not forget that Abiosis has accumulated, but you will not see me." This new crime has sent terror into the hearts of all the residents of the city, all the news has spread in all the newspapers and

international channels. But the crimes and torture did not stop so much for Ayaruz and Abiosis, and even continued until more than 100 victims were tortured for revenge, which obscured the soul of Abiosis. One of them was a married man, whom she lured into her trap to tie him up as usual and cut off his head, and sent him to his wife with a message : " your husband is a traitor, you don't deserve him, don't worry, I did the duty for you, you just need to say thank you,." And she picked up a very bullying girl, tied her up in a big truck, and dragged her for a long distance. And many of the victims are the ones who have tasted the Revenge of Abiosis and Ayaruz.

And one day the latter came into the church and found the pope there, and she sat down and kept looking at him and said to him: Hello, Pope, How Are you? - And the pope replied to her: Hello, daughter, fine, what is the reason you came here? - Have you committed many sins and want to ask Jesus

for forgiveness. And Ayaruz said: 'yes, I have many sins and I would like to erase them, can you help me?' The pope smiled and said: yes, but not here we should find a place away from people. Because it takes more seriousness." And Ayaruz said, «We're in a church, doesn't that sound serious to you?" The pope replied with a smile: "Yes, but in order for the Lord to forgive us, we must perform certain rituals on our own. Ayaruz said: "it sounds a little strange, but I would do anything to come to life again, clear of all the guilt I felt. I know a good home for us. But what exactly are you going to do? and the pope said, «My Daughter, You seem to be worried, it's okay, you'll be safe. There are things I have to do with you, and of course I'm going to read a few pages of the Bible. Ayaruz asked, ' what exactly?"The pope replied: "I will explain to you when we are alone. Let's meet here at midnight here in front of the church and then we'll go to the house you said about.

Ayaruz agreed with the pope's words and, of course, she knew that he was just a paedophile who used religion to have sexual relations with girls and sometimes with boys as well.

And at midnight Ayaruz met the pope in front of the church and escorted her home.

When they entered, the Pope tried to touch her body, but Ayaruz pretended to be ashamed and walked away, saying to her: "Don't be ashamed, it's just simple things in order to forget the past. I must touch you to know how pure your body is, and if the body is pure, so is your heart. And Ayaruz said, «I get it, I just felt a little shy, but how about we talk first before we start on this, do you want in a cup of tea or coffee?"

He said to her: "no, thanks, I don't want to, I just want to start with you, we must hurry up to be a good girl." Ayaruz kept insisting that she bring him something to drink and he agreed to a cup of tea. So Ayaruz went to

the kitchen and, as usual, she mixed her blood with water to make it look like tea, and Abiosis said to her: "so what are you going to do with it?" "This son of a bitch deserves the maximum punishment," Ayaruz replied.

So she came back to him and gave him tea and drank the whole cup, and Ayaruz said: "didn't you tell me what your name is?" He did not hear her well, pretending that his hearing was getting weaker and weaker, Ayaroz asked the same question again and answered: " my name is Linus, a native Greek; I am a descendant of the Luke family, one of the most famous families that ruled Greece before. I was a monk at the Church of St. Spyridon, where I studied the philosophy of religion at the age of sixteen, a year later my father died, so I decided to go to the Vatican and there I would learn more about the life of Jesus and about the rite of blessing. In general, I am currently moving from one country to another in order to educate the

next generation. I am getting old, my hearing is impaired, and my eyesight is failing. I'm sorry, my daughter, if I've been talking too long." At that moment, Abiosis spoke with Ayaruz and told her: "he's lying to you, this ruling family never existed, and he's just a manipulator who exploits the weak to have sex with them. And then Ayaruz said to Linus: "did you know that if you ate your ear, your hearing would be ten times stronger." Linus kept staring at her, and she laughed, smiling too. He began to read the Bible until he completely fainted.

So Ayaruz took off all his clothes and tied him well with iron chains until he woke up from the coma and found a large knife and said to her: "what are you doing, and why did you take off my clothes?" This is not allowed. Ayaruz smiled and said to him: "Welcome to the atositas game. He interrupted her, shouting: "what game, are you crazy or what?" And why are you carrying a knife come on, untie me and let

me get dressed. And she said to him:" first of all, don't interrupt me while I'm talking, as for the knife, I actually liked the joke so I wanted to try it."Without any hesitation, she went straight to him and cut off his ear, having fun and laughing as usual, while Linus was screaming in great pain. After cutting it completely, she asked him to eat it, and he refused, but Ayaruz, with a very stubborn Abiosis Force, opened his mouth and poured oil into it first, and then inserted the ear with her blood and he ate it in anger. And Ayaruz said to him, laughing: "is your hearing getting stronger, come on tell me."But Linus was tormented by the intensity of the pain and the bitterness of the ear taste running in his bowels. Ayaruz got angry and shouted: "I asked you a question and you should answer my pope. Linus said to her," May the Curse of Jesus descend on you, Satan."Ayaruz and Abiosis got angry together and approached him to grab his eyelashes and pull them hard to take them

off, and she was not satisfied with this much and pulled out his tongue and brought the knife and she cut him out little by little until he was completely cut out. And she said, «Enough is enough, kill him."Ayaruz screamed and replied to her:" No, it's not enough, I want to vent all my anger. So she brought a table with small pieces of glass, she put his hand on it and brought a hammer with nails and hammered ten nails into his five fingers, where she hammered two nails into each finger, Linus felt dizzy and fainted to Ayaruz shouted loudly :"
wake up, it's not time to sleep now."But Linus was unable to even move, so she went to the kitchen and boiled the water and put it in a bucket to go back to the pope and pour it on him, only to wake up again feeling the torment he had received, To get closer to him again and she hammered another nail, but this time in his left eye to tell her Abiosis:"
come on Ayaruz stop, enough is enough."I controlled her a little bit after she was out of

range. So Ayaruz brought the knife and said to Linus:" if it weren't for Abiosis,I would have enjoyed you more, impostor, and by the way, she sends you peace."And she gave him three times in his heart to die.

The horror in the city increased, especially after the body of the pope was found in the church by the nuns in the morning, so that the mystery of the Abiosis continues to puzzle all people. After this incident, a group of religious militants who were close to Linus came out shouting loudly in the street, chanting:" Abiosis is the daughter of the devil."

But Ayaruz is thinking more, thinking to raise the victims to the highest possible number. Wanting to have more fun and avenge her and Abiosis, the latter said: "Are you feeling better, Ayaruz, or do you need other scenes of blood?" Ayaruz replied: "I don't really know how I feel at this particular moment, even though we have taken

revenge on a group that does not represent this world, I still feel more like torture. I feel remorse right now, not because I did those crimes, but because I didn't enjoy them more."I can understand this, it's okay, we still have a lot of time together, we will burn everyone who was dependent on life, we will clear the world of filth and cover the universe with a spirit of revenge," said Abiosis. So Ayaruz stood up, took out her phone and said," I think the right time has come."So she called her ex-boyfriend Dawsy and asked him to meet her at a house located on the beach, which was a place of fun and beautiful days between them. This time the date will be repeated, but not as lovers, but as separators. He approached her and kept staring into her eyes and said:" I knew that you would call me, even if the call was delayed, but I knew this, because I know that you love me and..... Ayaruz interrupted him, screaming: "I called you, not because I missed you, you no longer mean anything to

me since I saw you cheating on me, I saw you with those eyes that had the name of innocence. And he said to her, «and now are you no longer innocent? You always are, baby."He tried to touch her hair, but she pushed him away. At the same time, Abiosis was whispering to her to give him a drink and he fell asleep and started torturing him. But Ayaruz was a little hesitant,"Dawzy said." Shame on you, don't you love me? is your heart dead?" Ayaruz replied, «Yes, my heart has died since my whole family died in front of me. Do you remember when we met and I told you about my life and I told you that all my family was gathered in my grandfather's House, dad, mom, sister, Big Brother, even from my baby brother, aunts, their husbands, their little ones and aunts, all died because of a big explosion that happened then. They're all dead, so who's left? Except me. I stayed to live in torment, I wished to die with them, but I stayed. What's the reason, you see Am I a human or do I

belong to another species?"She tried to leave but he grabbed her and told her:" you stayed alone because you are paying for what your father did, which is fraud, perversion, rape and more. And Ayaruz stared at him and said, «What are you saying?" And Where Did you originally know dad from So Dawsy sat down on the chair and smiled and said," Well, your father was a very well-known and successful businessman and everyone agrees on this, but everyone doesn't know what secrets this character was hiding. Only those close to him. And one of the close ones was a man whom your father trusted a lot, named Albert. He was one of the best inventors of all time, but it was a secret, no one knew him, because if the American government could identify him, it would use his talent and his enormous ability to invent, and oh, your father's luck because he was the only one who was dealing with him, all the inventions that dominated the modern world and which was the secret of your father's

success, were from Albert's hand. But one day someone discovered this inventor and told the US government about his whereabouts and they were about to negotiate with him, but your father didn't like it and decided to kill Albert so that no one would compete with him and his products would remain the first in the world. And Ayaruz started crying and said, «but where did you get all this from?" "Because I know Albert very well, I have known him since I opened my eyes in this life, I grew up in his arms, and we ate, drank, laughed and cried together. Yes, Albert is my father.

I planted the bomb. After he killed my father. He kept sending my mother a lot of money every week as compensation for us, but I used the money to buy chemicals from the black market and made the most powerful bomb ever, causing death directly, and then I went home and decided to blow up everyone in the House. But I fell in love with

you and I didn't know from the first that you were the daughter of the man who killed my father, that's why I decided to take revenge on you little by little, first I make you taste the pain of Betrayal, How I betray you in front of your eyes and then I kill you. But it was you who became a murderer, I saw you indoctrinating that old man in the church, I knew that you were the one who did all those crimes, I don't know you anymore, you were that innocent girl who wouldn't hurt even a mosquito, generally now you are going to spend your time in prison because I originally called the police and she is on her way here to catch you. You're done."He did not finish his words until he felt dizzy and fainted. It turned out that she was Abiosis that came out of Ayaruz's body and completely drugged him, so she talked to Ayaruz and asked her to escape before the police came. Ayaruz came out, impressed by all the words that dawzy had said.

The police came and stormed the place and found the boy on the chair speechless and searched the whole place and did not find the girl. But they found a letter hanging on Dawzy's forehead with the inscription:"

Thank you for your efforts and your unsuccessful attempt to catch me. I would have made it easier for you if you had let me know, but you like surprises, maybe you found that dirty traitor on top of the chair and he's speechless, excellent since I like surprises I left you a nice surprise too in the fridge. Under the candle you will find my next place and there you will be able to catch me easily because I am getting bored frankly. This world is full of traitors, you can't get rid of them all, I just have one last task to complete and after that my soul will be yours. The police officers went to the refrigerator and opened it and found a large cake with a candle on it, and someone pulled out the candle, and strange music started playing, and when they traced its source,

they found that it was coming from Dawzy's mouth, and then a countdown went off and the whole place exploded.

At the time of the explosion Ayaruz was watching them from the top of the mountain from afar and said: "I will miss you Abiosis, we will all meet in hell." she jumped off the top and fell straight into the sea.

Ayaruz, Ayaruz? She opened her eyes and found her beloved Dawzy in front of her and said to him: "what happened?" He replied: "You got into a traffic accident while returning from your birthday party. Tell me who she is or is he Abiosis because you've been saying it all the time? She replied: "It doesn't matter, it's just a nightmare.

A week later, after Ayaruz recovered, she returned home, where she found her family at her reception, because everything that happened was a period of unconsciousness and her family was already alive, and

Dawzy did not cheat on her, but was already her husband.

So Ayaruz's mother brought the cake that she had prepared for them to celebrate her birthday again, and the girl was happy and she put out the candle and suddenly Ayaruz's phone rang and it was a message written on it: " I wish you a happy birthday Ayaruz, and I also wish you to always live in peace, your best friend **Abiosis**."
